

November 2015

Dear Parent / Carer

**School buses – text messaging**

The school is using a web based text messaging system to give out information about disruption to bus service due to snow etc. The Parent Council provided initial funding for this service.

A text will be sent to the mobile telephones giving details of disruption or cancellation.

It may seem a little early to think about snow. However, there is a good deal of administrative work required and the sooner we set the system up the better we will be equipped to let parents know what is happening (if required.)

I'd be grateful if you would fill in the information below. Two numbers may be useful as one may alert parents and the second number may alert a child waiting for a bus.

**Please note that numbers from last year are not retained.** The system is updated annually.

Yours sincerely,

Gordon Stewart  
Depute Rector

**Important.** Please circle the bus that your child travels on.
